

Multi-Functional Lockout for Circuit Breaker Switches

STORE SKU
MFL001

Multi-functional lockout for circuit breaker switches.

TECHNICAL DATA

- **Material:** nylon
- **Padlock hole diameter:** 6.5 mm
- **Colour:** red
- **Lockout points:** 1

APPLICATION

Fits a range of breaker switch profiles rather than one fixed size, holding the switch out of the operating position. The nylon body suits panels where a metal device is not wanted. Takes a padlock with a shackle up to 6.5 mm, narrower than most safety padlocks in the range.
