

Adjustable Butterfly Valve Lockout

STORE SKU

BVL001

Butterfly valve lockout device for valves without an integral locking feature.

TECHNICAL DATA

- **Material:** ABS plastic
- **Padlock hole diameter:** 6.8 mm
- **Fits valve size:** fits over the stem of the valve up to 35 mm
- **Colour:** red

APPLICATION

Fits over the valve stem on butterfly valves with a stem up to 35 mm. The two halves close around the stem and hold the handle out of the operating position. Secured with one padlock through the 6.8 mm hole. Fitted without tools.
