

Electrical Lockout Kit, 2 padlocks and 3 clamp-on lockouts

STORE SKU

LK002

Portable electrical lockout kit supplied in a water resistant carry bag. Holds padlocks, a safety hasp, tags and clamp-on breaker lockouts for isolating electrical supplies.

TECHNICAL DATA

- **Material:** water resistant polyester
- **Colour:** red

KIT CONTENTS

- 1 × 38 mm red steel padlock
- 1 × 38 mm aluminum padlock
- 1 × 25 mm safety hasp - steel hasp / nylon body
- 10 × style 2 - LOTO signage tag
- 1 × electrical MCB clamp-on lockout (16.5 mm) 120-277 V
- 1 × electrical MCB clamp-on lockout (41 mm) 480-600 V
- 1 × electrical MCB clamp-on lockout (70 mm) 480-600 V

APPLICATION

Assembled for electrical isolation work. The clamp-on lockouts cover miniature circuit breakers with toggle handles from 16.5 mm up to 70 mm, spanning both 120-277 V and 480-600 V ranges. The hasp provides a single isolation point for more than one padlock, and the tags identify who applied each lock.
